

HOLIDAY TRAVEL

Ditch the Snow for Sun and Sea

(NAPS)—As an increasing number of people have discovered: for delightful holidays, just add water. The warm waters in and around Florida, Texas and California, that is, whether on a lake, bay or ocean.

Boatsetter is the leading mobile app for boat rentals, charters, and on-water experiences, making it easier to have fun with family and friends by spending the season at sea.

Just imagine—using Boatsetter to host Friendsgiving onboard, be part of a lighted boat parade, or secure the best view for New Year's Eve fireworks.

For a fun, affordable way to create holiday magic on the water, consider renting a boat.

With more than 50,000 boats in over 700 global locations, the company makes getting on the water as easy as calling a rideshare. With no sign-up fees or membership dues, its easy-to-use app and simplified booking process lets anyone—with or without prior boating experience—browse, book, and go.

As Michael Farb, Boatsetter CEO, put it, “The holiday season is about spending quality time with loved ones, and what better way to do that than on a boat?”
