

## ENERGY NEWS AND NOTES

NATIONAL GRID IS WORKING TO ENSURE YOUR LIFE IS POWERED BY AFFORDABLE, RELIABLE, CLEAN ENERGY.

AS WE INCREASE OUR USE OF CLEANER ENERGY SOURCES LIKE WIND, SOLAR, AND HYDRO, WE CAN REDUCE OUR RELIANCE ON FOSSIL FUELS.

BUT OUR GRID WASN'T DESIGNED TO SUPPORT TODAY'S DEMAND, AND GROWING NEED FOR CLEAN, RENEWABLE ENERGY, TO REDUCE CARBON EMISSIONS AND COMBAT CLIMATE CHANGE.

WE'RE BUILDING A SMARTER, STRONGER, AND CLEANER ENERGY SYSTEM TO HELP CONNECT RENEWABLES TO THE GRID AND CONNECT OUR CUSTOMERS TO INNOVATIVE ENERGY SOLUTIONS TO POWER OUR COMMUNITIES TODAY AND INTO THE FUTURE.
